Re: Wireless E911 Implementation Report

Dear Ms. Salas:

WorldCom, Inc. ("WorldCom") hereby submits its Wireless E911 Implementation Report pursuant to the Commission's *Third Report and Order* in CC Docket No. 94-102, Revision of the Commission's Rules to Ensure Compatibility with Enhanced 911 Emergency Calling Systems, 14 FCC Rcd 17388 (1999).

Background Contact Information:

Identifying Information: WorldCom, Inc.; TRS Nos. 807072 and 815879

Contact Information: Tally Frenkel

Associate Counsel

E911 Phase II Location Technology Information:

WorldCom is a reseller of wireless service. It does not own switches or other facilities for the provision of wireless service. As a result, WorldCom cannot select which E911 location technologies it will deploy – it must rely upon the technologies that are implemented by its underlying facilities-based carriers.

Sincerely,

*Tally Frenkel*
